

Snowdon Councillor Walks Out Of Meeting

The regular meeting of the Snowdon Township Council was held with the Reeve and all members of council present.

The minutes of the last meeting were read and adopted, Orie Mintz objected, due to a motion passed at the last meeting when he was absent.

Moved by Wm. Procter, seconded by Fred Jones that the clerk contact the township fence viewers in regard to the fence bordering the property of Noble Hague. Carried.

Moved by Wm. Procter, seconded by Fred Jones that the clerk write to the Ontario Hydro regarding poles that are too close to the right of way on the Minden Road. Carried.

Moved by Gerald Hicks, seconded by Wm. Procter that we donate \$15.00 each to the Minden and Kimmount Fair Boards. Carried.

Moved by Orie Mintz, seconded by Gerald Hicks that we appropriate \$600.00 to improve the Devils Lake Road and the Wy-

lies Lake Road. Carried.

The tenders for the purchase of a tractor and loader were opened after a lengthy discussion, council decided to accept the tender of Roblin Farms, at the tendered price of \$4597.10, subject to the approval of the Department of Highways.

Orie Mintz then stated that it was time to get back to his objection to the minutes; he stated that as long as he was on council he would see that Mr. Procter would not have a vote on any thing pertaining to the

dispute between Mrs. Lillian Lovegrove and the township, as he could prove prejudice, he then proceeded with a verbal personal attack on Mr. Procter and his wife. Mr. Jones tried to stop him, only to be subjected to the same thing himself. The Reeve was unable to stop this attack at any time. Mr. Procter then asked everyone present if they had heard Mr. Mintz, they all agreed they had. Mr. Procter then submitted his resignation in writing and left the building.

Mr. Victor Martin then approached council, he wished to know if the building by-law applied to everyone in the township; he was told that it did. He then stated that he had requested Mr. Mintz to obtain a building permit but he refused to do so. The Inspector then gave him until Monday to get one.

It was then moved by Gerald Hicks, seconded by Fred Jones that the meeting be adjourned until Thursday, July 2nd at 7 p.m.

After considerable thought and consultation with architects and engineers the Dysart Community Centre Board have come up with plans for what they hope will be a fine new Community Centre and artificial ice Arena suited to the needs of this area. The Echo has been informed that plans and specifications should be in the hands of contractors wishing to submit bids by August. It is expected that it will require about four months to complete the new building.

The new ice arena will be constructed in such a way that it will be suitable for providing for summer figure skating classes in the summer and possibly a hockey school. As soon as sketch drawings of plans are available we hope to be able to provide readers with an idea of just what the new building will look like.

Laurentian Pharmacy Collects For Canadian Olympic Team

Local Druggist M. R. Nicol, is extending a helping hand to the Canadian Olympic Fund Committee. A special collection box has been installed in his store to make it easy for residents of Haliburton to provide direct financial support for our Olympic athletes. This action follows the recent appeal for financial support made by James Worrall, Q.C., President of The Canadian Olympic Association. Over 1400 other Rexall Drug stores throughout the country will also be acting as Official Olympic Fund Collection Centres.

While all levels of Government are supporting the Olympic athletes we are sending to Japan next October, Rexall's collection service will enable any citizen to become a "share-

holder" in Canada's Team, announced Mr. Worrall.

The collection box is in the form of a large size "Super Plenamins" Bottle — the Vitamin product chosen for use by the Olympic athletes. Customers will be able to spot it easily, by its location near the cash register, and by the red and blue card reading: "Support your Olympic Team".

Those wishing to make major contributions to the fund may send their donations to: The Olympic Fund Committee, c/o Rexall Drug Company Ltd., Cooksville, Ont. Official receipts will be provided, on request, for income tax purposes.

New Map At Skyline Park

A fine new map has been placed at Skyline Park by the Department of Highways which is a splendid addition to this attractive spot. The map is constructed on a plywood base with the border of imitation cedar logs. Said map covers the entire Highlands of Haliburton area with a clear outline of every highway and road in the county, as well as the hundreds of lakes which are spread throughout the county.

Cub Troop Go On Camp Trip

The Haliburton Cub Troop under the direction of Cubmaster Len Salvatori and assistant Cubmaster Earle Casey went on a camping trip last week-end.

The boys went in to Price Yards at the head of Haliburton Lake where they pitched their tents. The following day they went on a nature hike to North Lake. Most of the time was spent on Cub work.

The following men from Haliburton also accompanied the boys: Emmett Madill, Grant Scheffee, Don Lloyd, Lance Easton, Cliff Dawson and Grant Rae.

PIANO RECITAL

Music pupils of Mr. Bill Glendon, Mus. Bac., will give a Recital on Saturday, June 27 at 7:30 p.m. in the Haliburton United Church Basement. All parents, friends, and general public are invited to attend.

KENNY'S KOSY KOTTAGES CHANGES HANDS

We have just been informed that Mrs. McBride, owner of Kenny's Kosy Kottages on Hall's Lake has sold the business to Mr. John Hobbs, who will take over on June 26th.

Haliburton's Oldest Resident Passes On

The oldest citizen in Haliburton County, William H. Gregory, passed away at his home here on Thursday last. At the time of his demise he was in his 105th year. Not many of us can hope to reach the century mark like Bill Gregory, and if we did we would not retain our faculties in the same manner as he did. He had a remarkable memory, good hearing and was gifted with such good eyesight that he read the newspapers without glasses long after he had reached his ninetieth birthday.

The deceased was the son of George Gregory and Charlotte Sawyer and was born on Ridout St. in the town of Lindsay. At the age of nine he came with his parents to Haliburton and later moved to Harburn Township.

Mr. Gregory as a young man assisted in the surveying of the transcontinental railway in Northern Ontario, he also worked

in the lumbering industry and as a guide and trapper. His hunting camp on Haliburton Lake known as the ranch was known far and wide and for over forty years hunters from not only Ontario but south of the border made this spot their hunting headquarters.

Red Cross Swimming Classes To Start

This summer the Red Cross Swimming Instructions will begin on July 6, and continue for six weeks until the middle of August, at the Haliburton Rotary Beach, with a fully qualified instructor, Miss Barbara Whiteside. Registration for classes will be on July 6th. Classes will also be given at West Guilford from the last week of July continuing during the first two weeks of August, by Miss Whiteside.

There is no charge for these classes and they are made possible by the co-operation of the Ontario Red Cross Division, and our Local Red Cross Branch, supported so generously by your

donations during the campaign in March. For any additional information about the classes please contact Mr. Gerald Irish, who is the Water Safety Convenor of the Red Cross Board.

Minden Red Cross Branch are also providing swimming classes at Twelve Mile Lake, beginning on June 29 until July 27, under the fully qualified instructor, Mr. Rick Harding, with the help of Miss Patsy Deacon and Miss Cathy Berry. About 150 children are expected to participate. For further information about the (Continued on Back Page)

Edgar Stamps Home Burns Down

The Haliburton Fire Department were called to a fire at the home of Mr. Edgar Stamp near Haliburton last Saturday at 5 p.m.

The fire was first spotted from the Department of Lands and Forests tower and they put in the alarm. The house burned to the ground and is a total loss.

The local firemen worked for four hours in an attempt to stop the fire from spreading to a nearby house where Mr. and Mrs. Thomas, two invalids, are living. The firemen are to be congratulated on saving the other house.

Roy Windover Honoured

Twenty-four members of the Peterborough Life Underwriters' Association were honoured last week when they received "National Quality Awards". Presentations were made during a luncheon meeting of the Association at the Empress Hotel.

Roy Windover of Minden, was one of the recipients of the awards, which recognizes life insurance sales representatives who place consistent emphasis on quality service to their clients.

Fire Hazards

News Notes From The County

The regular meeting of the Women's Institute was held in the Parish Hall at Burnt River on Tuesday, June 2nd. Mrs. M. Handley, alternate District Director, read the report of the District Annual held in Minden, prepared by Mrs. A. Watson. Five members from Burnt River attended this meeting.

Over the week-end a friend told us that Haircuts are on the way up in Fenelon Falls. Adults are \$1.25.

The Kawartha Minor Baseball League has opened its schedule with teams in the Pee Wee, Bantam and Midget groups. Teams have been entered from Cobocook, Fenelon Falls, Kinmount and Cameron.

One fire was reported in Car diff Township near Highland Grove last week. It was soon extinguished. Another fire last week was reported in North Burleigh Township near Apsley.

In last week-end's Telegram they ran a full page spread on Fred Davis, the moderator on Front Page Challenge. In the write-up it stated that for relaxation Davis plays pool with his wife in the basement of their York Mills home, plays records from his extensive jazz collection, goes cottaging in the Haliburton Highlands all summer.

Bruce Henry of Hallmar Lodge

told us over the week-end that his Lodge has been quite busy so far in the month of June.

The Lake Ontario Development Association takes pleasure in extending a welcome to the County of Haliburton and the Townships of Smith and Clarke. It is encouraging to have the support of these new member municipalities in the work of the Association. LODA looks forward to working with representatives of all three in the months to come.

Should there be any doubt in an employee's mind as to the category in which he is working, the wages he is receiving or if he has any questions pertaining to the Minimum Wage Program, enquiries should be addressed to the Labour Standards Branch, Ontario Department of Labour, 74 Victoria Street, Toronto, Ontario or to the nearest Provincial District Office of the Department of Labour.

A NEW THREAT TO THE CHRISTMAS TREE INDUSTRY?

The European Pine Sawfly (Neodiprion sertifer, hence the common name 'sertifer') is an insect relatively new to the Lindsay District, being first discovered here by the Biology Ranger, William Miller, three years ago.

It has since increased both in numbers and range; a recent survey revealed it to be infesting Scots pine plantations in

Darlington, Clarke and Manvers Townships in the south west corner of Durham County and near Centreton in Haldimand Township.

Sertifer's preferred food is the leaves of scots, jack or red pine.

At this time they are in the larva stage, having hatched from the egg in late May, thus they are now feeding, and will be for the next 3 to 4 weeks, causing damage to the trees in the process.

Now is when their presence in most obvious and control most effective, colonies can be detected in the early stages by the slight browning of the needles and later by the defoliated twigs and branches. There are from 20 to 50 larvae in each colony.

The Legion have been holding Socials at the new Legion Hall in Haliburton on Saturday nights.

We understand that Mr. Hugh Alton will open a trailer camp mid-way between Minden and Haliburton this summer.

The Haliburton Branch of the Royal Canadian Legion are preparing for their Annual Carnival which will take place on July 22nd.

The Brotherhood of Anglican Churchmen held their monthly meeting at St. Andrew's Church, West Guilford on Sunday last.

Rotarians from Haliburton and Minden attended the Annual Golf Tournament at Peterborough on Wednesday. It was held at the Peterborough Golf and Country Club.

The Rotary Convention held

recently in Toronto was the third largest Rotary Convention ever held. Los Angeles was 1st, and Tokyo 2nd.

Holidays spent on the farm are usually happy and healthy but the accidents that happen there are not so happy. A visiting child will enjoy the equipment and the animals but if he is a city youngster he should not have freedom. He should not be allowed to get involved with the cattle or horses — the gentle kine are not all angelic in temper and the horses may not be used to children. Even a small boy who has spent his life on the farm should not be allowed to operate machinery, including a tractor; a visitor should be made to keep a respectful distance from any of these dangers.

LINDSAY (ENS) — About 4,200 applications, 99 per cent of the total, have been handled by the Lindsay office, National Employment Service, for the new social insurance scheme.

C. S. Kirkness, manager, said his office has contacted the 660 registered employers and more than 4,200 applications have been sent to the regional processing centre in Toronto.

Applicants will receive their cards and if necessary books by mail. He said the initial change-over across the province had been completed and the processing centres would be eliminated this month.

Employees who are obliged to join the scheme have been contacted, he said. He estimated the Lindsay office would be handling applications from others until well into the fall.

For the third successive year Victoria County Council voted against establishment of a health unit. Victoria, Haliburton and Peterborough Counties are the only ones remaining in the

province which have no health unit. Victoria County clerk Frank Weldon said that the total assessment of the three counties without such a unit would be about equal to assessment of the united counties.

David Harold Tryon, 22, of Bancroft, driver of a car that fatally injured Joseph McMurray, 78, of Young's Point on May 15th was fined \$50 and costs in Court on June 9th after being convicted of careless driving.

SUGAR and SPICE

By Bill Smiley

I WISH YOU SAFETY

As I drove the long, tired road home Sunday night, I began to realize why so many fellows of my age are cracking up.

The old lady was sitting there, talking as though word-rationing was going into effect at midnight. The radio alternated between shouts of some group noisier and nausier than the Beatles, courtesy of my daughter, and the smug announcements of the disc jockey, who broke in every few minutes to tell us with triumph of another fatality on roads or water.

After 17 years, I've given up trying to do anything about my wife's talking jags. After 13 years, I've abandoned all hope of improving my daughter's taste or temperament.

But by George, I still have some love for my fellow man.

Once a year, whether I like it or not, I publish some safety hints on hunting, driving, trying to get along with women, or a similar perilous undertaking, strictly in the public interest.

For example. When canoeing, never kneel in the bottom of the thing. It's too hard on the knees. Use a long-handled paddle, and paddle standing up. That way, you can jump if she rolls over. If you're merely a passenger, stand in the bow, so that you can warn of rocks, large turtles, or waterfalls.

If you're boating with an outboard motor, don't be afraid to display a little panache. Always approach a dock straight on and at top speed. At the last conceivable moment, cut your motor and swing the tiller hard over. Some day you might cut the tiller and swing the motor, but who wants to live forever?

Never take life jackets when you go fishing. You're liable to

trip over one of them, and fall overboard, while innocently walking up to the bow for a cold beer. If you insist on taking lifejackets, tie them to your tackle box. Fishermen are a drug on the market, but good tackle is expensive.

Speaking of fishing, don't look around before you wind up to cast. It's considered a slur on the agility of your companions. It's up to the other guys in the boat to keep an eye on you. If they want to keep an eye, that is.

Never swim where there's a crowd. You went on your holidays to get away from people, remember? Pick out a nice lonely spot and dive in.

It's old fashioned, but best way to teach kids to swim is to throw them off a dock. It can be embarrassing if you can't swim yourself, and they refuse to float.

About fires. Never scatter sand and water on your bonfire when you leave. Maybe the next fellow doesn't have a match to start his own. This is known as common courtesy because it's so common.

You have to use a little common sense to get your barbecue charcoal going, too. We've tried a couple of those commercial fluids, but there's not enough action. What I do now is give the charcoal a good sloshing with lawnmower gas. Then everybody hits the deck. I stand away back and hurl lighted matches at the thing. It may not be the status way to do it, but it sure as hell gets that charcoal going.

Well, that's about it. Just follow these safety hints, and you will never have any more worries about summer. Or any thing else.

HALIBURTON NEWS LETTER...

Wayne "Woody" Wood opened his new butcher shop in Haliburton last Friday morning. The new business known as Woody's Meat Market will deal strictly with meats. He reports that business over the week-end was really booming.

Mr. Ken Langdon of Black's Hardware is the newest member of the Haliburton Rotary Club.

North Entrance Lodge of Haliburton held their Annual Ladies' Night at Drag Lake Lodge on Saturday evening last.

The old Haliburton Arena is just about down making way for the new. As the old structure was being taken down, many memories came over us of the many fine hockey games that

have been played in the old ice palace.

The Annual Haliburton Rotary Club Auction Sale will be held on the main street in Haliburton on Saturday, July 4th starting at 10 a.m. Keep this date in mind.

The Dysart Community Centres Board held a meeting on Saturday morning last to lay further plans for the new Arena and Community Centre.

Within the next few weeks we will be printing a weekly column on the public donations to the new Arena and Community Centre.

The bears must be getting hungry. We have had several reports from local citizens here in Haliburton stating that they have noticed bears wandering around at night right here in the village.

The beatles have arrived in Haliburton. On Saturday afternoon last, we noticed our good friend Garnet Graham, from Fenelon Falls on the main street of the village wearing a beetle wig.

Wes Sawyer has been busy painting the dock at the Rotary Beach. We understand that it will be put in the water this coming Saturday.

The Haliburton ball club lost a close decision to Snowdon in a Haliburton County Softball League game played last week.

Councillors Inspect County Forests

On Thursday, June 11th, the Victoria County Councillors made their annual inspection of Victoria County Forest situated just north of the village of Burnt River in Somerville Township. Here the various members viewed part of the 8,990 acres in the forest including the oldest plantation - 34 years old, and the youngest - 6 weeks. The Councillors also saw some of the products now being produced on the forest such as pulpwood, pole timbers, sawlogs and firewood.

The County Forest program is a co-operative arrangement between the County and the Province whereby land unsuitable for agriculture is purchased by the County, with financial assistance from the Province, and then turned over to the Department of Lands and Forests for long term management. The basic objective is to put idle lands back into the useful production of forest crops.

The public is always welcome to visit Victoria County Forest or any of the three other forests in the Lindsay District (Durham, Northumberland, Ganaraska) to see firsthand how these formerly barren lands are growing "tomorrow's forests".

300,000 Visit Hydro Plants

Ontario Hydro's power stations aren't competing with the world's seven wonders, but they're major tourist attractions.

Last year more than 300,000 persons visited four generating stations and the Douglas Point Nuclear Power Station which is nearing completion. All are easily accessible by highway.

Stations open to visitors:

Robert H. Saunders - St. Lawrence

Tours include a visit to the control room, a panoramic view from the observation deck and a color sound film outlining the story of the construction of the station. Hours are 9 a.m. to 4 p.m. the year round, and to 7:30 p.m. during July and August. Tours start from the administration building in Cornwall.

Sir Adam Beck - Niagara No. 2

Open 9 a.m. to 4 p.m. the year round and to 7:30 p.m. during July and August, this is among the world's largest and best-known hydro-electric stations. In the station's Reception Centre at Queenston on the Niagara Parkway, visitors are shown a color sound film and also visit the powerhouse in the Niagara gorge.

Douglas Point Nuclear Power Station

Scheduled for operation in 1965, Canada's first full-scale nuclear power station has a fully-equipped information centre jointly operated by Atomic Energy of Canada Ltd. and Ontario Hydro. Visitors see an explanatory sound film and an animated display board depicting the operation of the plant. Guides explain construction progress from an observation platform. The project is located between Port Elgin and Kincardine, off Highway 21. It is open every day, 10 a.m. to 5:30 p.m., to September 27.

Nuclear Power Demonstration
Canada's first nuclear power

plant is located off Highway 17 at Rolphton, 40 miles northwest of Pembroke. A color sound film outlines the construction and operation of this pioneer station. Visitors are welcome seven days a week, 8:30 to 4 p.m., until September 8.

Des Joachims

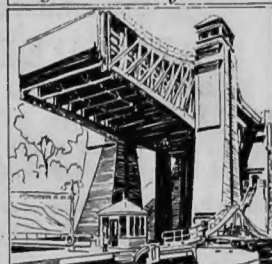

This is the largest of Hydro's four hydro-electric plants on the Ottawa River and is open June 30 to Labor Day, 9 a.m. to 4 p.m., seven days a week. One-hour tours begin at a look-out on Highway 17, north of Pembroke.

Organized groups may tour these and other Hydro installations virtually any time by arrangement with Ontario Hydro, 620 University Avenue, Toronto 2.

Utilization Of Timber Resources

In the earliest days of pine logging in the Lindsay District (circa 1850-1890) a scandalous waste of material occurred; logs were culled ruthlessly as this excerpt from an account by George S. Thompson, a "shanty clerk" employed by Mossom Boyd, a lumber baron of that period, reveals: "In those days nothing less than 14" diameter at top end would pass for a sawlog and it had to be straight and sound at that. Three knots or more in a log made a cull of it; even butt logs with a hollow or the least bit of shake had to be cut off and left in the woods to rot. Needless to say such a system caused a great waste of wood, for the extent of territory a crew would run over in a season was enormous and only about one third of the standing trees would make such a class of logs".

When management of our forests was undertaken by the provincial government, "wasteful practices" were specifically mentioned in the Crown Timber Act, the terms of which were calculated to improve utilization.

Modern technology, "barkers" and "chippers" have further improved utilization. Chester Schwandt Lumber at Harcourt and the Hunter Lumber Co. at Gooderham have each installed "barkers" at their mills by which means they remove the bark from logs before they are sawed.

The bark free slabs, formerly consigned to the slab and sawdust pile, can then be transported to the "chipper" at the Martin Lumber Company's mill on Benoirs Lake, Harcourt Township, where they are converted into a form acceptable by paper mills.

Debarked spruce and pine slabs are chipped and transported in large box-car like trucks to the Ontario Pulp and Paper Company at Thorold, Ontario, for newsprint, hemlock slabs are consigned to Windsor Mills, Quebec, for coarse paper, and hardwood slabs to Domtar (formerly Hinde and Dauch) at Trenton where they become corrugated filler for cardboard boxes.

Cull logs, low grade lumber hearts, etc., and veneer cores can all be utilized through this process, thus waste from our most important renewable natural resource is being kept to a minimum.

HALIBURTON

Rev. and Mrs. Noel McNeill returned home last week after a trip to California.

Mr. and Mrs. Boyd Robertson and family of Bowmanville were week-end visitors here.

Mr. Al Rushton of Toronto was a visitor to the village on Saturday.

Mr. and Mrs. Mervyn Elstone and family were visitors to Ottawa this week.

Mr. Bert Curry has returned home following an eye operation at St. Joseph's Hospital in Peterborough.

Mr. and Mrs. Fred Clements of Toronto were visitors here over the week-end.

Mr. Larry Donaldson who is employed by the HEPC spent the week-end at his home here.

Mr. Garnet Graham of Fenelon Falls was a business visitor here last Saturday.

Mr. Bob Jones of Bobcaygeon was a recent visitor to the village.

Mr. Bill Davis who is employed by General Motors in Oshawa was a visitor here on Saturday.

Mr. Ross Curry was a visitor to Peterborough one day last week.

Mr. Brian Good who has been attending school in Toronto is at present home on holidays.

Mr. Stan Barjarow was a visitor here over the week-end.

Somerville Plans Pound After Dog Complaints

LINDSAY (ENS) - A volleyball destroyed by dogs in the Burnt River school yard has prompted Somerville Township council to seek particulars on establishing a dog pound.

Council decided to compensate the school for the damaged ball. It was one of four complaints heard at the June meeting.

Word is being awaited from the Ontario Humane Society on conditions needed to establish a pound and enforce a dog by-law.

Two complaints from Cobocok residents about a barking dog were received. A letter was sent to the owner.

A complaint from a Burnt River resident was received concerning dogs running at large in the village.

Ralph Byrne, clerk, was authorized to notify the complainant the township plans to enforce a by-law with the approval of the Humane Society.

Council approved payment of

\$100 to Dr. H. E. Good for his services as medical health officer for 1963. A grant of \$10 was made to the Cobocok Horticultural Society.

Jack Ridgeway was approved as construction safety engineer. Tenders for a tractor and loader will be called until June 26.

Indusim Minerals Ltd. have been requested to remove waste lime dumped on township property on the Burnt River Rd.

Russell, president of the Women's Auxiliary OGH, members of the board of directors, the medical and nursing staff and various benefactors of the hospital including Colonel R. S. McLaughlin who stole the show with his off the cuff remarks. The chairman was Mr. E. G. Storie.

The graduating exercises crowned a social whirl which began for the graduates the previous Sunday with a baccalaureate service at King Street United Church. It was followed by a reception at the cafeteria where the graduates were guests of the Women's Auxiliary who also entertained them Monday afternoon at an Oshawa Golf Club luncheon. Wednesday they were the guests of the Oshawa Y.W.C.A.

A tea for graduating nurses and their mothers was given by the head nurse and staff Thursday afternoon at McLaughlin Hall. That evening the class members entertained their fathers at a dinner at the Hotel Genosha. As a grand finale to a memorable week the Alumnae Association honoured the graduates at a dinner and dance at the Kinsmen Community Centre on Saturday evening.

Among the 38 graduates from Ontario and Quebec were Miss Rita Coulter of Bobcaygeon, Miss Judith Hiscoks of Fenelon Falls, Miss Donna Russell of Lindsay and Miss Sandra Morrison of Maple Lake.

Miss Morrison, a former pupil of Maple Lake Public School and a graduate of Haliburton County District High School where she was a scholarship winner, follows a family tradition of dedication to the welfare of the community. Her paternal great grandmother, Mary Craig, the wife of Alex Morrison, nursed the pioneer settlement in Guilford township from the family's arrival in 1882 until her own health failed around 1900.

Those attending the graduation ceremony from Maple Lake were Mr. and Mrs. John Morrison, Mr. and Mrs. Charlie Morrison and Mr. Perry Morrison. Following the reception for the 38 graduates, and their friends at the hospital cafeteria, a private reception in honour of Miss Sandra Morrison was held at the home of her sister, Mrs. Donald McMurtry.

IN MEMORIAM

MILLER — In loving memory of a dear brother, Herbert A. Miller, who passed away June 29th, 1963.

My heart still aches with sadness And secret tears still flow; What it meant to lose you, dear brother,

No one will ever know. When I am sad and lonely, And everything goes wrong; I seem to hear you whisper, "Cheer up and carry on." Each time I see your pictures, They seem to smile and say, "Don't cry, I'm only sleeping. We'll meet again some day."

—Sadly missed by his sister Frances Smith.

PORTER — In loving memory of a dear husband, Harold, who passed away June 28th, 1949.

Within my heart I'll always keep A special place for you; And try to do my best to live, As you would want me to. It's sad to walk the road alone, Instead of side by side; But to all there comes a moment, When the ways of life divide. You gave me years of happiness, Then comes sorrow and tears; But you left me beautiful memories, I will treasure throughout the years.

—Sadly missed by wife Bertha.

ROBERTSON — In loving memory of our dear Mother, who passed away June 21st, 1961. Our family circle has been broken,

A link gone from our chain; But though we're parted for a while, We know we'll meet again. Some day we hope to meet you, Some day we know not when; We shall meet in a better land, And never part again. Evelyn, Murray, Douglas, Mary and families.

CHURCH NEWS

MINDEN GOSPEL CHURCH

A goodly number turned out at Minden Gospel Church on Tuesday night last week to hear the Gospel Team from Prairie Bible Institute, Three Hills, Alberta. The male quartet and pianist rendered a very acceptable musical program with quartet numbers, trombone solo, duets, both vocal and instrumental.

Mr. Murray, of the P.B.I. Extension Staff, brought a very challenging message to the congregation, predominantly young people. He spoke on the proofs of the inspiration of the Bible as substantiated by true science.

Also at this meeting was a young missionary couple, just married and honey-mooning at Miner's Bay Lodge, namely Mr. and Mrs. Dwight Grodin. Mr. Grodin is a graduate of P.B.I. and so was known by the team. Mr. Murray asked this couple to give a word of testimony. This they did, and it was evident that God has very definitely been leading their lives.

Since Mr. and Mrs. Grodin was still in the area over the week-end, they were asked to minister to our Sunday evening service. Mr. Grodin played two numbers on his trumpet and Mrs. Grodin again gave her testimony of how the Lord has led in her life and how she and her husband were brought together even though they had started out to two different mission fields. Through a chain of circumstances beyond their control they met in the Philippines during an enforced waiting period. This testimony of course had to be heard to be really appreciated.

Mr. Grodin also brought a challenging message from the Bible and then wove in some of his experiences on the mission field. They are hoping to go to South Vietnam some time in August, under the Wycliffe Bible Translators, under which Mr. Grodin has already served for two years.

We were again reminded of the statement heard so often: "God moves in mysterious ways, His wonders to perform".

We are happy to have Morley Johnson back with us again, home from his second year at Prairie Bible Institute. Morley will be bringing the evening message to the congregation at Minden Gospel Church this Sunday night, June 28th.

Again an invitation is extend-

ed to all to attend our Sunday evening service.

Details Of Floral Emblem Stamps Announced

The floral emblems and the armorial bearings of the provinces of Ontario and Quebec are depicted in two new postage stamps to be issued June 30th by the Canada Post Office. In announcing the new stamps, the Hon. John R. Nicholson, Postmaster General, said that the new issues are the first of a series showing the floral emblems and armorial bearings of each of the provinces. Other stamps in the series will be issued periodically during 1965 and 1966.

The floral series, Mr. Nicholson indicated, is part of the Post Office programme of special issues leading up to the Centenary of Confederation. The series continues the sequence of multi-coloured stamps produced for the first time this year by the Canada Post Office. The floral issues are each printed in three colours — two colours by offset lithography and one by the traditional steel-line intaglio printing.

The Postmaster General said that the Ontario and Quebec stamps were chosen as the first in the floral series as these provinces were, along with New Brunswick and Nova Scotia, the original partners in the 1867 Confederation agreement. Stamps for New Brunswick and Nova Scotia will be included in the 1965 postage stamp issues.

The white trillium of Ontario was selected as the official flower of the province in 1937. The white garden lily of Quebec was chosen as the floral emblem of that province in 1963.

The stamps were designed and engraved by the Canadian Bank Note Company Limited of Ottawa. A total of 18 million of each stamp is to be printed. The stamps are of the large or double size and are on the horizontal plane.

The floral stamps are the fourth and fifth new issues produced in 1964 by the Canada Post Office and the second and third in the Department's history to be produced in more than two colours.

Minden W.I.

The W.I. Annual Picnic meeting was attended by 30 ladies on Wednesday, June 17th at the old George Graham homestead, now kept in beautiful grounds by present owner Clare Walker. It was a perfect day to enjoy such a panoramic view of Minden's hills and green fields above the Gull River — and the gathering enjoyed its usual reports — all outdoors.

The roll call "Our Secret Pals" again seemed in high favour and pleased comment. Mrs. Clarke had donated a beautiful coral afghan, the lucky ticket was held by the hostess, Mrs. Pogue. Collection for Flower Fund amounted to \$4.60, and

all reports of the year were most gratifying.

It was decided to content ourselves with our general work in the community, and the only change made in Convenorship was the appointing of Mrs. Jas. Fairfield for Historical Research. A paper is to be presented at the September meeting in the home of Mrs. Fred Wright.

After the usual Institute meeting of reports and discussions, the Queen and Table Grace were sung and a bounteous buffet supper was enjoyed with an hour of visiting.

The meeting adjourned for July and August, but the welfare work continues — hospital visits and sick or shut-in folk remembered by the W.I.

man means the end of a long and eventful life, no doubt some hardships and some times of sorrow such as the death of his wife and the loss of a son Richard in World War I. However Mr. Gergory in his time was to see the transition of the ox cart era to the day of the space age, in fact, who could have lived in any other century and seen so many changes.

We suppose considering the life of William Gregory the recipe for those who wish to attain a ripe age would be lots of exercise, spending as much time in the great outdoors as possible and adhering to moderation in all things.

Sons and daughters surviving are Mae, who had looked after her father since he retired, and Mrs. John Todd (Ethel) Burke's Falls, Mrs. Donald Roberts (Mabel) of Trail, B.C., Mrs. Otto Miller (Elizabeth) of Toronto, Mrs. Lorne Barry (Blanche) of West Guilford, Ira of Toronto, and John of Rochester, N.Y.

Interment was made in Riverside Cemetery, Lindsay.

SMALL WONDER

Two things you ought to know about Evinrude's new bantam size Sportwin:

1 It snuggles down behind your transom. It's hardly more than transom high. Only 34" from top to skeg. Tucks neatly into compact car trunks.

2 But don't let its bantam size fool you. It packs a real punch—9½ hp. And sounds even smaller than it looks. Come in. See it, hear it, and heft it now.
